

## APUSH US SUMMER ASSIGNMENT

This assignment is due on the first day of school.

Each of you will choose a book from my personal library pertaining to US History. I expect to get the books back in the same condition that you received them. The books will be available in room 5 beginning on May 26<sup>th</sup>.

After reading the book, write an 800 word summary of the most important ideas contained in the book. Papers will be penalized that are either too long or too short. This is a formal essay and will be graded for content, format, writing (grammar, spelling, punctuation, capitalization, proofreading, etc.). A well-written paper will be clearly expressed, follow a logical sequence, flow smoothly with good transitions.

Your only source for this assignment is the book. Do not use any direct quotes. Put the information in your own words.

All papers will be submitted to [www.turnitin.com](http://www.turnitin.com). The Turnitin.com codes will be given to you in class on the first day. A paper copy is also required.

Late papers will be penalized 10% per day up to 2 days, according to the school late policies for AP summative assignments.
